## ABPIM

associação brasileira dos produtores de pinhão manso

World Biofuel Markets São Paulo, Brasil 28 e 29 de Setembro de 2011

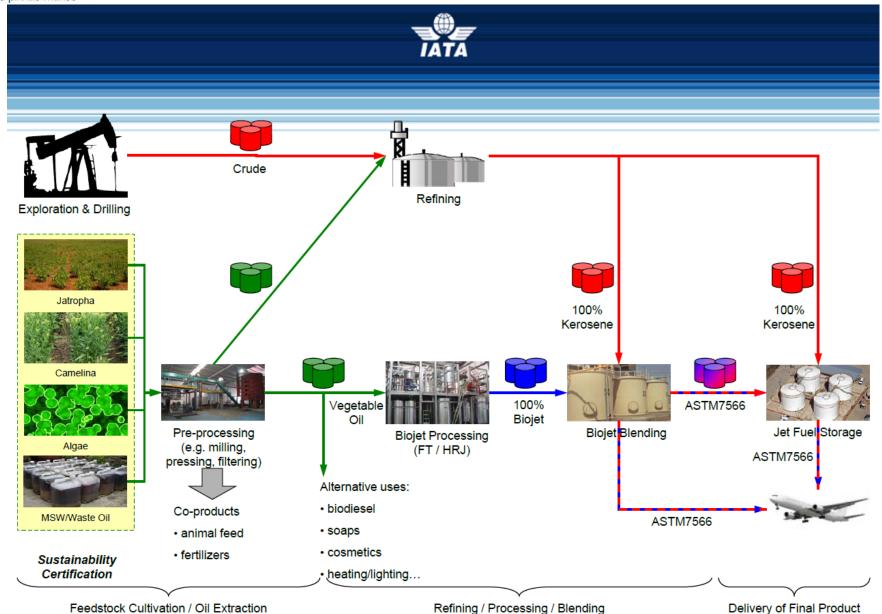

## VIRTUOUS CIRCLE INDUSTRY STRATEGY FOR SUSTAINABILITY

Fonte: IATA

### **Carbon Neutro Growth – IATA**

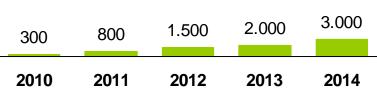

# Produção Sustentável de matéria-prima para alimentar as biorefinarias

## The Jatropha Biokerosene Project will proceed in two phases – ramp up until 2015, roll-out until 2020

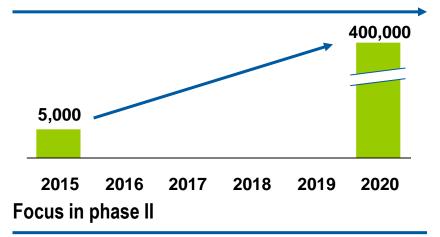

#### Plantation size (ha) to be developed

#### Focus in phase I

- R&D: best planting material/ propagation techniques
- Development of best agricultural practices for large scale development and Family Farming
- Global placement trials: Asia, Africa, Americas
- Brazilian Biojetfuel Platform business case on na integrated Jatropha value chain in Brazil
- Sustainable feedstock off-take program

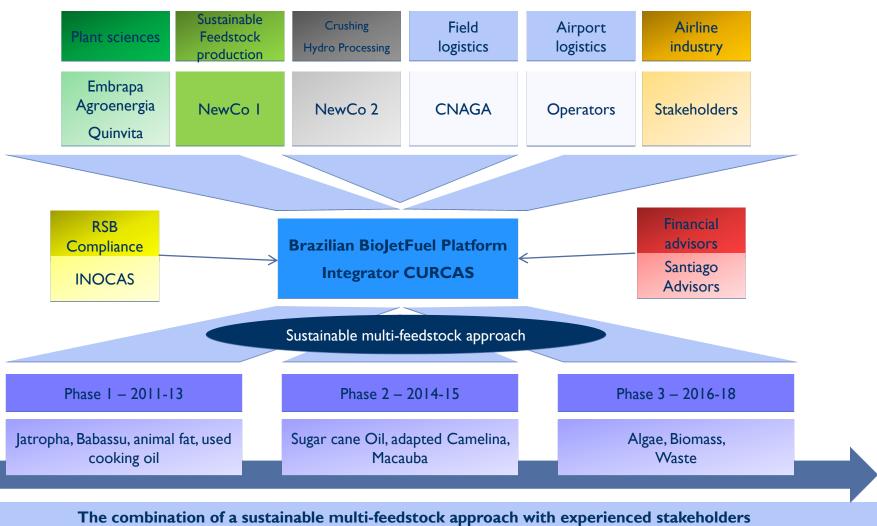

#### Phase II: Up-scaling/rollout

- Scale-up of pilots in the three continents
- Integration to refinery infrastructure and final logistics field to wing
- Implementation of large scale plantations, including mechanization
- Implementation of Food + Energy program for family farming
- Sustainable feedstock trading

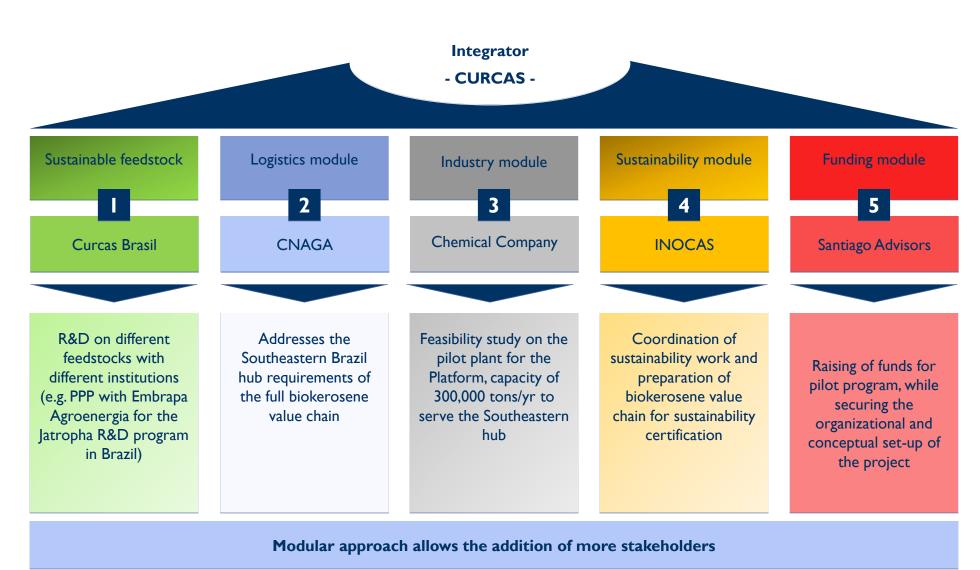

## The Brazilian BioJetFuel Platform – Establishing a successful business case

The combination of a sustainable multi-feedstock approach with experienced stakeholders ensure a successful business set-up

## Modular approach to add stakeholders during the development process

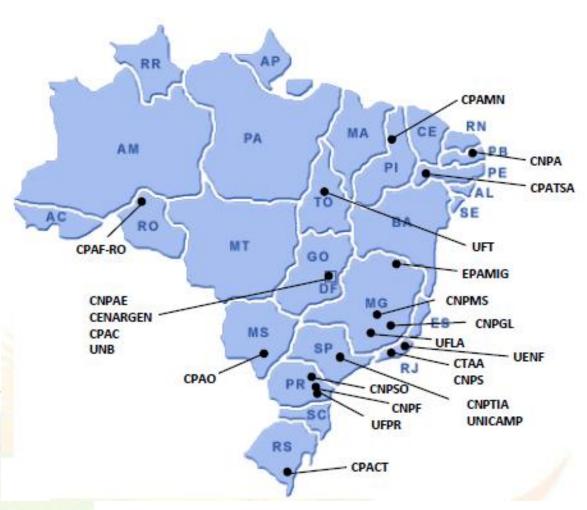

## Programa P&D Embrapa Agroenergia

#### Instituições envolvidas

- Embrapa Agroenergia CNPAE
- 2- Embrapa Meio Norte CPAMN
- 3- Embrapa Gado de Leite CNPGL
- 4- Embrapa Agroindustria de Alimentos CTAA
- 5- Embrapa Informática Agropecuária CNPTIA
- 6- Embrapa Cerrados CPAC
- 7- Embrapa Clima Temperado CPACT
- 8- Embrapa Rondônia CPAFRO
- 9- Embrapa Agropecuária Oeste CPAO
- 10- Embrapa Milho e Sorgo –CNPMS
- 11- Embrapa Florestas CNPF
- 12- Embrapa Solos CNPS
- 13- Embrapa Algodão CNPA
- 14- Embrapa Semi-árido CPATSA
- 15- Embrapa CENARGEN
- 16- Universidade Estadual do Norte Fluminense -
- 17- Universidade Federal do Tocantins UFT
- 18- Universidade de Brasília –UNB
- 19- Universidade Federal do Paraná UFPR
- 20- Embrapa Meio Ambiente
- 21- Universidade Federal de Lavras UFLA
- 22- Empresa de Pesquisa Agropecuária de Minas Gerais EPAMIG

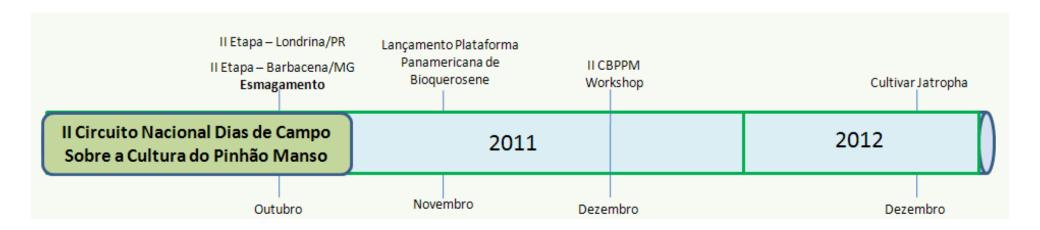

#### 126 atividades de pesquisa

## Linha do Tempo

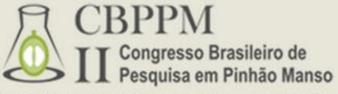

## Save the date!

29 e 30 de novembro de 2011 - Brasília-DF

Workshop Pan Americano de Sustentabilidade nos plantios de Pinhão Manso

01 de dezembro de 2011

Promoção e Realização

Ministério da Agricultura, Pecuária e Abastecimento
